

Starbuck Recreation Association – Canteen List Policy

The canteen in the Starbuck Arena, which operates from mid-September to the end of March, raises money each year which is used for maintenance of the curling and hockey rinks and buildings, plus soccer and baseball field maintenance during the spring and summer months. The funds raised in the canteen can be used towards maintenance as it is staffed by volunteers. Families participating in Starbuck Sports programs volunteer to staff the canteen as the funds generated directly affect all Starbuck sports programs.

Please note that for children registered in summer sports (soccer, softball, baseball), one parent will be placed on the canteen list. Starbuck's "Learn to Play" soccer program will not fall under this policy. If the parent(s) are already on the canteen list due to participation in other sports or because they already volunteer to help with the canteen, nothing will change (i.e., no additional shifts will be required). Note that the phone numbers of the other volunteers are on the canteen list so that you can trade shifts if the shift you are scheduled for is at an inconvenient time. The schedule also lists some "Spare Workers" who can be paid minimum wage to cover your shift if you cannot trade or do not wish to trade with another volunteer.

Soccer, baseball, and softball families are expected to work canteen shifts even if their children do not play winter sports as the Starbuck Recreation Association maintains the playing fields in the spring and summer, and the winter canteen revenues help to defray these costs.

We appreciate your volunteer hours towards the canteen and the future success of all our sports programs. A vibrant and sustainable community relies on its volunteers to succeed – thank you for contributing to our success. Volunteers are the heart of our community.

Please take a moment to sign this form and include it with your child's sports registration. Sports registrations will not be accepted without this completed form.

-
- ☐ I understand that by registering my child for soccer/baseball/softball, that my name will be added to the Starbuck canteen list for the 2022-23 season, and I will be responsible to work those shifts.
